To Whom It May Concern:

This notice concerns compliance as a Wholesaler with the Plastic Trash Bag law administered by the California Integrated Waste Management Board. Please be aware that the final deadline to submit certification as a Wholesaler of plastic trash bags for the 2002 reporting period is June 27, 2003. Failure to submit certification may result in a company's placement on the Board's noncompliant list for that year. Also, be aware that the Department of General Services uses this list to screen potential vendors who seek to contract with the State of California to supply janitorial products and/or plastic trash bags. If a company is listed as non-compliant, then that company will not be allowed to bid on State contracts.

If not already done, please return a completed Wholesaler Form to this office by June 27, 2003. For more information on California's Trash Bag law and certification forms, please visit our web site at: [www.ciwmb.ca.gov/BuyRecycled/TrashBags](http://www.ciwmb.ca.gov/BuyRecycled/TrashBags) and click on the Wholesaler Form. Please be sure that all information requested in sections "b & c" on the wholesaler certification form is provided. Failure to provide all necessary information may result in a determination that a company is non-compliant.

Please print and complete this form ASAP, and FAX it to Jerry Berumen of my staff at (916) 319-7159. If you need additional assistance, please contact Mr. Berumen directly at (916) 341-6515.
